Re: COVID-19

Until further notice, the Saginaw Conservation District's face-to-face services have been suspended.

District Staff will continue to work remotely as needed. For matters related to District services (i.e. tree sale, food plot, wildlife habitat, soil sampling, MAEAP), please refer to our website www.saginawcd.com for contact information, as well as notice of when we will resume business as normal.

Product orders for tree sale, food plot seed, or plat books will continue to be available on our website. Questions regarding any of these matters may be emailed to the district email at saginawcd@gmail.com or each corresponding technician's email/voicemail can be found on the website. If you need us to call, please email with your contact info and what it is regarding.

The Saginaw Conservation District is taking COVID-19 very seriously. Our hope is that as a community, we can diminish the spread of this virus and do our part in helping our country get through this. We encourage you to utilize the most credible resources possible regarding the virus and recommended actions:
-Center for Disease Control: www.cdc.coronavirus/2019-ncov/about/index.html
-Michigan.gov coronavirus: www.michigan.gov/coronavirus

Thank you for our continued support.

Respectively,

Nadene D. Berthiaume,
District Administrator

Your local providers of natural resource management services to help our citizens conserve their lands and our environment for a cleaner, healthier, economically stronger Michigan.
